

INTERNATIONAL ANALOG FORESTRY NETWORK

To Whom it May Concern:

27th of October, 2007

Be it known, that on 7th of September, in the year 2007, the Board of Directors of the International Analog Forestry Network (IAFN), by recommendation of the IAFN Standard Setting Commission, have unanimously approved the IAFN International Standards for Forest Garden Products (FGP). Said approval lies under:

Certificate Approval number, C0107

These evolving International Standards for Forest Garden Products are throughout the year studied by the Standards Setting Commission with recommendations of changes to the Board of Directors being made by the experts.

These IAFN International Standards for Forest Garden Products may be only used by trained inspectors of the FGP system and those certification inspection services accredited by the IAFN.

Milo Bekins Faries,

Chairman, International Analog Forestry Network

Secretariat

Londres, Costa Rica
